No. 16

RUSSIA'S CAPITAL IN TURMOIL.

Disturbances Assume a Political Phase—The City Garrison Increased—Workmen Patrol the Streets—Mills and Factories Closed—Proposed Demonstration Repressed.

St. Petersburg, Jan. 20th—With the Russian Capital on the verge of revolution, thousands of workmen parading the streets, agitators and fanatics sowing seeds of disorder, half the city in darkness, and without fire protection owing to walk-outs, the situation was hourly growing more tense when the authorities decided to-night to adopt energetic measures to preserve order and prevent rioting and overawe the violent-minded, at the same time seeking to placate the striking workmen by offering satisfaction to their demands. The Government to-night augmented the garrison of the city with 2,500 cavalry and 1000 infantry from Tarkoeselo, and filled the streets, especially in the disaffected quarter, with heavy patrols of soldiers. The refusal of a delegation of workmen who sought to present a petition to Emperor Nicholas at Tarkoeselo has made it known that a great

demonstration planned for Sunday, with its unlimited possibilities for outbreak, will not be permitted to take place. Late to-night Father Gopen, leader of the workmen, was quietly spirited away from his bodyguard and taken into custody, in furtherance of the plan to disorganize the elements that are threatening the peace of the city. The authorities believe that by these steps they have the situation well in hand, and announce that they expect a peaceful solution of the problem. The situation has entered the acute stage to-day, and the strike has assumed an open political phase. The day was one of intense excitement and mill after mill and factory after factory closed. Throngs of workmen paraded the streets, and when their colleagues rushed to join them, broke down gates and forced out other men. The whole industrial centre is idle, and all textile mills and every printing office in St. Petersburg is closed.

AUTONOMY DISCUSSED.

The question of provincial autonomy for the Territories was alluded to in the speech from the throne, and was referred to in the speeches on the address in reply.

Mr. Foster is reported as speaking as follows:—

"Coming to Northwest autonomy, he favored a large province in preference to small ones burdened with the costs of government. There should be no stinting in giving resources to the Northwest, as it would never do to have a province coming to Ottawa year after year for assistance."

The premier's allusion was as follows:—

"There was not much legislation in the speech because the government did not propose to introduce much legislation. The government intended to implement its promise on this as on previous occasions and that was shown by the notice of the autonomy bill in the speech. 'We are working on it now,' said Sir Wilfrid. 'It is far advanced, but in respect to three or four salient features we think it best to wait for the representatives of the Northwest government and also for the advice of our friends on the floor of this House.'"

SATURDAY, JANUARY 21, 1905.

NEW BANK BLOCK

IS BEING OCCUPIED TO-DAY

The City Branch of the Canadian Bank of Commerce occupy the New Premises on Jasper Avenue.

The local branch of the Canadian Bank of Commerce is being removed to their new block erected for this purpose.

The building occupies a splendid situation in the business centre of the city, standing on the north side of Jasper Avenue west of Blwy's furniture store between Queens Avenue and McDougall St. The excavations for the basement was made in the fall of 1903 and building operations began last spring.

The main block is two storeys in height, the front being carried up another storey. The roof of this portion is at right angles to the main roof and dormer windows looking down on the street afford light for this flat and lend an unique appearance to the structure.

The building stands on a foundation of Calgary sandstone which was carried up several feet above the surface of the ground, to a level with the windows on the ground floor. The block is built of red brick, the appearance of the front being relieved by pillars of artificial stone at the corners resting on the stone foundations and leading to the cornice. The door posts, door stone, window sills and ornaments are of the same material.

Light is provided for the ground floor, where the banking offices proper are located, by large plate glass windows, situated several feet from the ground for the double purposes of security and appearance. The main entrance in the centre front, is protected with massive oak doors with metal handles.

The appearance of the new building is what at variance with the style of business architecture suited to the purpose for which it is erected.

THE DEPT.

THE

As announced in the Bulletin Fort Saskatchewan are putation comprised of M. Shera M. L. A., W. D. S. Aylen to Ottawa to confer with the Government regarding the situation of the town. The Government will ask the Government to grant a portion of the present N. W. M. P. reserve to the C. N. provided the Company will locate station and yards thereon. The representatives will also probably urge upon the government the advisability of assisting in securing a combined railway and traffic bridge to span the rivers at or near town.

Superfluous Hair

Removed by the New Principle

De Miracle

It is better than electricity, because it does not scar or produce a new growth. Better than X-ray, because it does not burn, scar or paralyze the tissues under the skin. Better than depilatories, because it is not poisonous; therefore, it will not cause blood poisoning, or produce eczema, which is so common with depilatories, and does not break off the hair, thereby increasing its growth.

Electrolysis, X-ray or depilatories are offered you on the bare word of the operators and manufacturers. DE MIRACLE is not. It is the only method which is endorsed by physicians, surgeons, dermatologists, medical journals and prominent magazines.

DE MIRACLE will be mailed to any address, sealed in plain wrapper for \$1. Your money back without question if it fails to do all that is claimed for it.

Our booklet—the most complete treatise on Superfluous Hair ever published—containing the testimonials of numerous physicians and surgeons and those of hundreds of others—will be sent free, in plain, sealed envelope, upon request. Write for it to-day to DE MIRACLE CHEMICAL CO., 23 QUEEN STREET WEST, TORONTO, or THE ROBERT SIMPSON COMPANY LIMITED, TORONTO, ONT.

BULLETIN CO. (Ltd)

It would seem that we are now in for

Three Months of Steady Cold Weather

If it was to last only a few days or weeks, then any kind of a Heating Stove would tide you through, but for a long spell of cold weather where you need your house warm night and day there is no Stove on the market so well adapted for heating as the

"Riverside Oak"

It will heat two rooms at once. It has a hot air pipe attachment and it will take the cold air from the floor, heat and distribute it into any room the Hot Air Pipe is carried into, without burning any more fuel. It burns equally well Coal or Wood and the price is very low considering its efficiency and economy.

Ross Bros. Limited have handled this Stove for a long time and can conscientiously recommend it as sure to please. Have you seen the New Steel

Monarch Range

guaranteed all Steel and Malleable Iron. The top of this Range is ground to a finish, just the same as a Fry Pan or Kettle and can be used for Frying and Toasting just the same as a French Top Range. The Ovens are the most uniform of any Ranges made. The water fronts are so well detailed that they will heat twice the water of an ordinary Range. It burns either Wood or Coal equally well and will heat up quickly and on a less quantity of fuel than any other range made.

See the One in our Window

they are beautiful and the price is not so high as you would expect to pay for so good an article. We keep everything in stock and truly think we can give you better value than any other House in the West.

Ross Bros.
Ltd.

IMMIGRATION PROSPECTS

It is estimated that not less than 200,000 emigrants will enter Canada during the present year. Of these the great majority will settle in the west and as usual in past years Edmonton will doubtless receive a large share. While unusual efforts are being put forth by other western towns and cities to attract the new comers to their respective districts the assured position of Edmonton as the railway centre and commercial metropolis of the North West is very widely known, and added to the enviable reputation the district has borne for years as a locality for farming in all its branches will doubtless attract a very large proportion of the new comers to settle in the city and tributary country.

While the past year was not one of abnormal progress the fact that the sum of \$786,000 was spent in building the bulk in solid brick blocks in the business section of the city speaks louder than words of the substantial development alike of the city and country.

The extraordinary rapidity with which the main line of the Canadian Northern has been pushed westward during the past season toward the valley of the Saskatchewan and the numerous, backed by every detail of circumstantial evidence that the work will be urged to a completion within the present year will prove a powerful factor in inducing prospective settlers to visit this district.

The bargain provisionally agreed upon with the Grand Trunk Pacific by which the new transcontinental agrees to make the city the main division point between Winnipeg and the Coast and to establish here the immense shops necessary for this purpose gives an assurance to the future progress and importance of the city which promises to bring early and and practical results in the form of a large increase of population.

An evidence of this optimistic outlook is afforded by the daily increasing number of inquiries being received by Immigration Agent Sutter regarding the city and district. These come from all quarters of the globe. The majority however are from the United States and indicate that during the spring a very large number of desirable settlers from across the line will make their homes here.

The Advantage of The Fire Drill.
From the Toronto Telegram.

"Sharp and clear rang out the fire bells three times three in Phoebe street school at precisely 10.45, this morning.

With quick order and a tier-like tread six hundred pairs of little feet marched downstairs and out into the broad open places of safety. But few of all the pupils and only two or three of the fourteen teachers knew of the danger through which they had passed in the two minutes occupied in leaving the building, which in the next two hours was to be gutted by fire to the extent of upwards of \$10,000.

The fire originated in the Phoebe street basement, but was first noticed on the second floor, in the room occupied by P. A. Ward, assistant principal, and his class. The recess bell had just sounded and the scholars were getting ready for play.

"One of the boys drew my attention to the smoke," said Mr. Ward to the Telegram, "and I immediately went to notify the principal, ringing the fire gong, which I sawed in the hall, as I did so. The pupils responded splendidly and were all out within two minutes. I don't think any but those in my room and Miss Gregory's, across the hall, knew of the fire until they were all out. No accident happened, and everything went smoothly."

The facility with which the fire drill worked may be gathered from the fact that although Principal Leary was out of his room at the time his class marched out without guidance. This is at it should be. After the gong sounded, the pupils are taught to fall into line without further instructions. The fact that the recess bell had been rung just before facilitated this, and also contributed to the saving of the clothing of the children.

Made big enough for a big man to work in with comfort. Has more material in it than any other brand of shirt in Canada. Made on the H.B.K. scale it requires 39 1/2 to 42 yards per dozen, whereas common shirts have only 32 to 33 yards.

That's the reason why the H.B.K. "Big" Shirt never chafes the armpits, is never tight at the neck or wristbands, is always loose, full and comfortable and wears well.

Each shirt bears a tiny book that tells the whole history of the "Big" Shirt, and also contains a notarial declaration that the H.B.K. "Big" Shirt contains 39 1/2 to 42 yards of material per dozen.

Sold at all dealers but only with this brand:—

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory

Coal.—Coal lands may be purchased at \$10 per acre for soft coal, and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miners' certificates, may obtain entry for mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$7.50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500 by 1,500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein.

The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended, or paid the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1.00 per acre.

Permission may be granted by the Minister of the Interior to locate

claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres. The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining, Manitoba and the N. W. T., excepting the Yukon Territory.—Placer mining claims are generally 100 feet square entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or bench, the former being 100 feet long, and extending between high and low water marks. The latter includes all persons who but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each, for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental, \$10 per annum for each mile of the river leased. Royalty at the rate of two and a half per cent, collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer Mining in the Yukon Territory.—Creek, gulch, river, and hill claims shall not exceed 250 feet in length measured on the base line or general direction of the creek or gulch the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days. If the claim is within ten miles of a mining recorder's office, one extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party proprietary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent, on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of \$2. A claim may be abandoned, and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Hydraulic Mining, Yukon Territory.—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent, is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and at least \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unoccupied land for agricultural and building purposes.

Petroleum.—All unappropriated Dominion lands in Manitoba, the Northwest Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 440 acres. Should the prospectors discover oil in paying quantities, and satisfactorily establish such discovery an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

A PRETTY WEDDING.

At the home of the bride on Monday Jan. 16th, by Rev. A. W. McDonald the marriage of Mr. T. Malin of the staff of the Windsor Hotel and Miss Nellie Helm, was solemnized. The bride who was beautifully dressed in cream crepe-de-chene trimmed with pearls, was given away by her mother. After the ceremony a wedding breakfast was served and the young couple went to Calgary on their wedding tour. They returned on Thursday and will reside at the Windsor.

SUCCESSFUL BALL.

The young bachelors gave a very successful ball in Robertson Hall last evening, about forty couples being present. The music was provided by Clark's orchestra and lunch served by Hall the caterer.

CARD OF THANKS.

The Editor, Daily Bulletin.

Sir:— With your permission, I should like to convey through this medium my deepest gratitude to all who have so kindly helped me during my stay in your city. I can never forget the kindness with which the people have treated me from the time I got injured. I can never repay them by acts performed of myself, but this I do, I pray that God will bless them, and when he calls them higher, may He fill their earthly places by as noble citizens. I also take this opportunity of saying good-bye to the members of the Kinistino avenue Methodist Church, and to the many kind friends, and to assure them that though "we assunder part, we shall still be joined in heart."

Thanking you for the above space, I remain,

Yours gratefully,
Cecil V. E. Hall.
Edmonton, Alta., Jan. 20th, 1905

AFTER THE TRUSTS.

Boston, Mass., Jan. 20.—Thomas W. Lamson is asking the cooperation of the press in his war against the Trusts. His article in Everybody's for February entitled "A Magic Jimmy" he says will cause the American people to necessarily and legally revolt against the Trusts.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 1 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres more or less.

ENTRY.—Entry may be made per district in which the land to be homesteaded is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

- (1) At least six months' residence upon and cultivation of the land in each year during the term of three years.
- (2) If the father (or mother, if the

You've probably used soap that cleaned your clothes quickly but have found out afterwards that it had destroyed them.

Lever Brothers Limited
Toronto

father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 50 acres of his homestead, and have besides 50 acres substantiated.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads, to enable them to patent on or before the 2nd June, 1880.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

W. W. CORY.

Deputy Minister of the Interior.

N.B.—In addition to the Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

NOTICE

NOTICE IS HEREBY GIVEN that an application will be made to the Parliament of Canada at the next session thereof for an act to incorporate the Moose Jaw and Edmonton Railway Company, with power to construct a railway from a point on the line of the Canadian Pacific Railway Company, at or near Moose Jaw, in the district of Assiniboia in the Northwest Territories to a point on the Elbow of the South Saskatchewan River and thence in a Northwesterly direction to Edmonton, with such powers as are usually given to railway companies, the works thereof to be declared for the general advantage of Canada.

Dated at Ottawa this 29th day of December, A. D. 1904.

McGivern & Haydon,
Solicitors for Applicants.

SW—19—t

NOTICE

Notice is hereby given that at the next session of Parliament an application will be made by the Canadian Northern Railway Company for an Act extending the time for the construction of the Company's uncompleted lines of railway, and authorizing the Company to lease or acquire running powers over the lines and leased lines of the Great Northern Railway of Canada, and the Chateauguay and North-

ern Railway Company, and the Iron-ore, Bancroft and Ottawa Railway Company, and the Quebec, New Brunswick and Nova Scotia Railway Company, and the James Bay Railway Company, or any of them, or to purchase such lines or any of them or to amalgamate with the said Companies or any of them, also authorizing the Company to construct the following lines of railway:—

1. From Regina north-westerly and westerly to a point on the Red Deer River in the District of Alberta, with a branch line west of the South Saskatchewan River and running northwesterly to a point in township 45, range 4 west of the 3rd Meridian, in or near Carlton on the North Saskatchewan River.

2. From Regina northerly to or near Humboldt, thence north-easterly down the valley of the Carrot River to a point at or near the Pas Mission on the Saskatchewan River.

3. From a point on the Main Line of the Canadian Northern Railway between Humboldt and the South Saskatchewan River northeasterly to a point at or near the crossing of the South Saskatchewan River by the Prince Albert Branch of the Canadian Northern Railway.

4. From a point on the Main Line of the Canadian Northern Railway west of Battleford into Battleford.

MARKET PRICES.

Edmonton, Jan. 18th, 1905.

Editor Bulletin:

Sir—I am pleased to see a reply to my letter re price paid to farmers for wheat etc. Now in your prelude you say that both the buyers and sellers have their sides of the question which is perfectly just. And I am sure the farmer wants nothing but equity. But does your correspondent give this

He quotes at Fort William as a standard, and then deducts freight to Edmonton because as I understand him if the farmer could not sell his wheat in Edmonton but had to ship he would have to pay this freight. If the farmer who owns the wheat has to have the freight deducted, as there are no reason why the miller, etc. after manufacturing it into flour should not do the same by flour, instead of, as the writer admits, charging higher than the standard Winnipeg prices. Is this justice? Is this encouraging to emigration? Is not this a just cause for the farmer to think? Now we farmers have a different notion. Instead of deducting freight we want freight added to the price we get. If the millers cannot get our wheat they will have to buy elsewhere (and I do not think they will be able to persuade the Manitoba people that they should deduct freight from their prices at Fort William and I think they will be only too glad to buy the home grown article with say two thirds freight added which according to your correspondent would have given the farmers here \$1.07 for best grade.

Farmers do you see what you have lost. In every bushel of your wheat you have lost at least 22c. Think of this: Total up your loss on all you have sold. Why have these thousands of tons of thousands of dollars been lost to you? Because you let others name a price instead of naming it yourselves.

If you had united and put your price at \$1.07, you would have got it. Nothing could have prevented it unless the millers had cut off their noses to spite their faces by shutting down. Then you could have shipped at as good a price as you have now got.

It is the same with oats, beef, hogs, and all farm products. The Board of Trade does not use of vital importance and do useful work, even to giving the municipal authorities good advice. But where is their help to the farmer? They discuss Experimental Farms, urge the necessity of bigger and better crops. But how will this help the farmer? Under existing circumstances bigger crops mean lower prices. The farmer may buy expensive seed, raise first class samples of grain and get an offer of 2c per bushel above the price for the poorest rubbish on the market. If the Board of Trade really wants to help the farmer let them investigate and let us know through the papers what their think is a fair and just price, one that will at least pay the farmer for labor as well as the seed investment and threshing. This would be something to go by, for surely no business man would deduct freight from the value of a manufactured article wanted for home consumption because if there happened to be a surplus it would have to be shipped to a distant point, and allow it was just for the article it was manufactured into to be paid as high as it possibly could be to allow it to compete with a similar article manufactured at a distance in combined price and freight.

In conclusion, Mr. Editor cannot you see better and just prices for the farmer means everything; immigration, manufactures, stores, cities and even your wide circulation must increase with union and better prices for the farmers.

Yours truly,

ANOTHER FARMER.

RE-ARRANGING THE FIRE HALL.

The fire, water and civic buildings committee have undertaken the work of rearranging the fire hall along the lines suggested by Chief Johnston in his address to the council on Tuesday evening. The first detail of the work will be the removal of the large safe from the old city offices on the second floor. The safe is too large to be taken down the stairs or put through a window and will be lowered through the floor. For this purpose railway ties have been secured from the E. Y. O. P. and a buttress built from the ground floor to the ceiling directly under the safe. When the preliminaries are completed the floor will be sawn through and the safe allowed to rest on the battens. By removing the massive tiers of ties it will then be lowered to the floor beneath and stored until disposed of.

When this is done the present partition separating the old offices from the former

THE planters from whom I buy my tobacco in Cuba are the most expert tobacco growers in the world. They keep the plant nipped back carefully—free from suckers and only leaves enough on the plant for it to properly mature and nourish.

In this way the good of the tobacco—the proper qualities to make it excellent smoking, are evenly distributed all through the plant. Thus the leaf I secure for my Parashah filler is perfect—an even smoker—palatable and delicately odorous.

J. BRUCE PAYNE, Limited, Granby, P.Q.

For the rest I use a (under a Connecticut brand), the highest grade and most costly binder grown—and as a wrapper I import direct from Holland a genuine clear leaf Sumatra—the finest wrapper in the world.—J. B. Mercer.

None genuine unless branded PHA-RO

J. B. Mercer, Distributor, Edmonton, N.W.T.

council chamber will be replaced by one two thirds of the height and the room thus formed will be used as a sleeping apartment for two members of the brigade.

The two centre rooms on this floor may have to be rearranged or abandoned as they are found very unsuitable for bedrooms.

On the ground floor the partition separating the fire hall from the old "lookup" will be removed, the cells taken out and the entire flat devoted to the storing of appliances and apparatus.

ANNUAL MEETING
EDMONTON
Public Hospital.

The Annual Meeting of the Edmonton Public Hospital will be held in THE COUNCIL CHAMBER OF THE CITY HALL.

At three o'clock p.m., on Friday, Jan. 27th, 1905.

REPORT OF THE IRON PROPERTY

OF THE EDMONTON COAL AND IRON COMPANY

LOCATION.

About one hundred miles northeast of Edmonton on the north side of the Saskatchewan river and midway between Victoria and Lac La Biche in the North-West Territories of Canada.

TRANSPORTATION.

Good wagon roads from Edmonton and from Ft. Saskatchewan also south to Whitford and Battleford. The property is situated twenty miles north of the route of the Canadian Pacific Railway, near the route of the Grand Trunk Pacific and within eight miles of the Saskatchewan river which is navigable.

CHARACTER OF COUNTRY.

Comparatively flat prairie relieved with low rolling hills, which are thickly wooded with small jack pine and fir. The pine runs from five to eight inches in diameter and is suitable for fencing, building and fuel.

WATER SUPPLY.

There is a stream running through the property, which in the driest seasons yields an ample supply for all purposes. In addition there are two large lakes of fresh water on the property at least 300 acres.

DESCRIPTION OF PROPERTY.

This consists of six claims in townships 58 and 59, ranges 14 and 15, west of Fourth Meridian. The claims are named Wee Aman, Iron-dale, Limonite Farm, Revelstoke, Rita and Eva, and all being fully licensed by the Dominion Government to Messrs. McAdam & Johnson and surveyed by Messrs. Saunders & Deschamps, F.L.S., in June, 1904.

CHARACTER OF MINERAL DEPOSIT.

Oxide of iron, yielding on analysis, 45.2 per cent of metallic iron on the certificate of Mr. A. L. McKillop, of Nelson, dated October 26, 1904.

OCCURRENCE OF DEPOSIT.

A stream runs through the property from north to south, and in the flat portions widens out into a large bog in which the ore is deposited to a distance of two miles in length and from 200 to 600 feet in width; the depth of the deposit is from six to fourteen feet. On the Wee Aman claim it is from 500 to 900 feet in width, and is a genuine bog ore. Towards the north end of the property the ground rises and the deposit is covered by several feet of gravel, put at points where the drift is cut evidence of the continuance of the deposit underneath are found.

WORK DONE.

A number of pits have been sunk, some twenty feet deep, through the deposit, and in each its continuity over the area named has been demonstrated. In addition a trench half a mile long has been cut to drain the upper or north end of the property. On the Wee Aman claim a substantial cabin and barn have been built.

QUANTITY.

The extent of the development work will not admit of a close estimate of tonnage, but I can safely say from the areas actually measured that a million tons would be well within the mark, and it is not improbable that this estimate will be greatly increased as work proceeds.

UTILITY OF DEPOSIT.

First, an excellent paint oxide for which a market could readily be found as the country opens up and railway facilities are provided.

Second, in combination with other ores for smelting and iron and steel manufacture, similar to that so successfully smelted at the Radnor Forges, Quebec, for many years.

COST OF DEVELOPMENT.

\$10,000 judiciously expended in sinking and boring would thoroughly prove the property. I believe that you would have in it a most valuable asset and one easily and quickly realizable, as it is more than likely from the character and occurrence of the deposit that the springs come from a stratified ore body below which should be disclosed by boring.

Having had thirty years' experience in locating and working various iron deposits, I have no hesitation in saying that this is a valuable property and one which will justify the expenditure recommended.

FUEL.

On the banks of the Saskatchewan river eight miles south there is an outcropping of good lignitic coal running from 45 to 50 per cent in fixed carbon. This is easily accessible and available for fuel purposes.

Second.

WM. BLAKEMORE, M.L.M.E., Greenwell Medalist 1904.

The following are assays of different samples from the Edmonton Coal and Iron Company's iron properties: Pellet-Harvey, Bryant & Gilman, Vancouver.

No. 4. Iron Oxide	40.28 p.c.
No. 3. Brown Oxide	47.08 p.c.
No. 2. Brown Oxide	47.30 p.c.
No. 1. Brown Oxide	43.70 p.c.

John McClintock.	37.25 p.c.
Brown Oxide	51.00 p.c.

Analysis by Ottawa Assayers.	
Brown Oxide	47.46 p.c.
Brown Oxide	49.81 p.c.

Analysis by Kootenay Assayers.	
Red Oxide	51.81 p.c.
Red Oxide	49.76 p.c.

For further information apply to E. McAdam, Edmonton, or to A. Johnson, Revelstoke.

MAIL ROUTES AND SERVICES

Mail routes and services to and from Edmonton Post Office are as follows:

With Strathcona mail is exchanged morning and evening.

Mail from the south is received daily at 4.30 p.m. Mail for the south leaves daily at 7.45 a.m.

Mail is despatched for Stony Plain, Onoway, Lac Ste. Anne, Me-Wasson, Inge, Spruce Grove, and Winterton every Wednesday and Saturday at 8 a.m., and arrives from these points every Tuesday and Friday at 5 p.m.

Mail for Duah, Bon Accord and New Lunnod leaves at 2 p.m., every Tuesday, and mail from these points arrives here at 12 noon on Tuesday.

Mail for Namas is despatched from Edmonton Post Office every Tuesday and Friday at 2 p.m., and mail from this point arrives here every Tuesday and Friday at 12 o'clock.

Mail is despatched from the Edmonton Post Office for Athabasca Landing, Astleyville, and Edson at 8 a.m. every Tuesday; mail from these points arriving every Saturday evening at 6 p.m.

Mail for St. Albert is despatched from the Edmonton Post Office every Tuesday, Thursday and Saturday at 7 a.m., and arrives from St. Albert every Tuesday, Thursday and Saturday at 6.30 a.m.

Mail is despatched from St. Albert for Morinville on Tuesday and Saturday at 10 a.m., and for Riviere qui Barre, Egg Lake, Stony, Legat, Villeneuve and Ray on Saturday at 10 a.m.

Mail is despatched from the Edmonton Post Office for Fort Saskatchewan, Horse Hills, Lamoureux, and Sturgeonville daily at 8 a.m.

Mail for the following points is despatched from Fort Saskatchewan on Tuesday morning at 7 a.m.: Bruderheim, Whitford, Wostok, Star, Pakan, Ross Creek, Tofield, Northern, Logan, Beaver Lake, Karakow, Hunka, Soda Lake, Edward, Colonia, Skaro, Viking, Desjarlais, St. Paul, Metis, Saddle Lake, Dinwoodie, White Fish Lake, Saddle Lake, Lac La Biche, Porcupine, Snodgrass, Sellman, Warwick and Andrew. Mail for these points must be mailed not later than Monday, 7 a.m., from Edmonton.

Mail for Beaver Hills leaves Edmonton Saturday at 7 a.m.

Mail for Clover Bar, East Clover Bar and Agricola leaves Strathcona at 8.30 a.m. every Saturday.

Abbey's Effervescent Salt

AT ALL DRUGGISTS, 25¢ AND 60¢ A BOTTLE

Rheumatism

Any kind—acute or chronic—inflammatory, muscular or sciatic—it's all the same to Hirst's Pain Exterminator.

This famous liniment draws out all the pain—relieves the swelling—takes away the stiffness and in a few applications.

Hirst's Pain Exterminator

is applied right over the pain—rubbed in good and hard—and the pain is gone. It kills pain of any kind, from a sprain or lame back to the most agonizing Rheumatism or Neuralgia.

MR. J. BERTIE OF PORT CHARLES CANADA:

"I was laid up with Rheumatism for three months and tried all kinds of medicine without obtaining relief. I was advised to try Hirst's, and before I had taken it two days, I was able to stand and help myself. I have improved right along and I thank this medicine for my cure."

25¢ a bottle. At all dealers.

EDMONTON ALTA. CANADA
POPULATION, 7,500
CITY GOVERNMENT:
 Mayor, K. W. MacKenzie; Aldermen, C. May, K. A. McLeod, W. H. Clark, D. R. Fraser, J. H. Boyle, T. Bellamy, J. H. Picard, W. A. Griesbach.
Conveniences:—Waterworks, sewer systems, telephone system, electric lighting system, all owned and operated by the city.
Board of Trade:—President, J. H. Morris, Secretary, E. F. Tims.
Immigration Officer:—C. W. Sutter.
Educational Institutions:—Public and separate schools, high school, Alberta College.
CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist, Baptist, German Baptist, Lutheran, Salvation Army.
TRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 16.50.

LOCAL

—Train on time.

—The Presbytery of Edmonton meet in the church on Monday at 3 p. m.

—The National Trust Co. are distributing ornamental Lithographed calendars.

—A gang of workmen are to-day repairing a break in the water pipes at the Imperial bank corner.

—In accordance with the by-laws passed sometime since by the ratepayers, construction work on the new St. Albert grist mill will be begun early in March.

—Mr. Henderson came in a few days since from Collingwood, Ont., and will open up a hardware store in the premises being vacated by J. B. Mercer.

—The Woman's Missionary Society of the Presbyterian church give an at home in the church on Monday afternoon at 3 o'clock to the ladies of the congregation.

—Reports from the Egg Lake Oil Co. are to the effect that good progress is being made in the boring operations at Egg Lake, a depth of about 85 feet having been reached.

—In a penitent mood the Calgary Herald says: Some days we think we work pretty hard, but at night, when we look over the paper, we wonder what we have been busy about.

—The annual meeting of the public hospital will be held in the Council Chamber of the new city hall at 3 o'clock p. m., on Friday next. It is desirable that there be a large attendance.

—J. B. Mercer is removing his stock of liquors and cigars this afternoon to the premises being vacated by the Bank of Commerce in the McLeod block. The bank fittings are being removed and the interior will be refitted and furnished for use as a liquor store.

SUCCESSFUL MATINEE.

The matinee held by the driving club yesterday, on the exhibition grounds was in every way successful. Despite the cold weather a fairly large crowd turned out to witness the racing event, many of which were very keenly contested. Number of entries were greater than at the preceding meet and many of the speediest travellers in the district were in the races.

Following are the winners of the events:—

2.30 Class			
Lucky Kid	1	1	1st
Silver Tip	2	2	2nd
Capp	3	3	3rd
Dugal Ferguson	4	4	4th
Green			
Cartier	1	1	1st
Belle	2	2	2nd
McLaggan	3	3	3rd
Lady			4th
Three Minute			
Little Fred	2	1	1st
Maggie L	1	2	2nd
Pretoria	3	3	3rd
Free for all			3rd
Don Patchen			
Woodward	4	1	1st
Mem	3	1	2nd
F	3	4	3rd
F	4	2	4th

The next matinee will be held two weeks from yesterday, when a good list of prizes will be offered.

COLLEGE SKATING PARTY.

The semi-monthly meeting of Alberta College Literary Society last evening took the form of a skating party on the college rink. Between forty and fifty of the students, faculty and their friends were present. The college has now a creditable rink of its own to the rear of the building. The evening was all that could be desired for out door skating, being calm and not too cold, and the moonlight at its best. The ice was in splendid condition and the early part of the evening was spent most enjoyably in skating.

At ten o'clock the college bell called all inside. Skates and wraps were laid aside and the assembly room became the next centre of attraction where refreshments were served in the college's usual liberal style. Adjournment was then made to the music room where the remainder of the evening was spent in music and singing.

Bishop Reeves is expected in from the north today on route to attend the meeting of the House of Bishops at Regina on the 25th. He may preach in all the churches tomorrow.
